Dear Member,

We are requesting your special attention to this letter. The circuits you are or will be receiving contain a significant amount of philatelic value. Occasionally, a situation calls for contacting a buyer-member for help in correcting a routing problem, checking something in a sales book or gathering information about the mailing of a circuit. The member might not be available at the address in our records, is on an extended trip, has passed away or is otherwise unreachable.

We ask that you complete the form on this page to provide us with the name and address of the person who can help us with any problems regarding the circuits you receive, in the event you cannot be contacted. We will attach this information to your buyer's records for future use, if necessary. **The person listed on this form will only be contacted, if you cannot be reached or if you are deceased. The names and addresses you provide here will not be used for any other purpose.**

Sincerely,

Wendy Masorti
American Philatelic Society
Director of Sales Unit

I authorize the APS to contact the person named here in the event that I cannot be reached concerning the disposition of circuits or there is a problem that must be addressed. I have notified the person about using their contact information for this purpose.
