

July 2021

**Name of Award: Errors, Freaks and Oddities Collectors' Club 1st Award
Errors, Freaks and Oddities Collectors' Club 2nd Award**

Sponsoring Organization: Errors, Freaks and Oddities Collectors' Club

Type of award: 1st and 2nd ribbons. A winner of the EFOCC 1st award also receives a complimentary one-year membership in the EFOCC.

Criteria – The EFOCC provides organizers of national and international stamp shows with awards that juries can use to recognize exhibits that use EFOs beneficially in the treatment of their subject. Currently, two awards are provided: EFOCC 1st and EFOCC 2nd.

1. An exhibit may be of US or foreign material (or a combination, such as thematic or topical).
2. It does not need to consist of only or mostly EFO material to win one of the awards. It merely needs to use EFOs in ways that positively impact the exhibit in the jury's opinion.
3. Eligible exhibits: any multi- or single frame exhibit that contains EFOs.
4. Youth exhibits are NOT eligible.
5. Minimum number of exhibits = 1.
6. Minimum medal level = none.

Additional Notes for Judges:

1. The jury has complete discretion to award both, one or none of the awards.
2. A winner of the EFOCC 1st award also receives a complimentary one-year membership in the EFOCC. Judges ARE NOT responsible for administering this part of the award – it is handled by the EFOCC.

Additional Instructions to Awards Chair:

EFOCC requests that you report back to us the names and, if possible, the email and postal addresses of the winners, so that we can recognize them in our quarterly journal, *The EFO Collector*. When mailing the ribbons to you, we include a form for the reporting as well as a SASE. Previous winners are listed here, if interested.
